Come see this Bright and Open 2 story home with 3 beds, 2 baths, a 2 car garage with bonus Sun Room at the end of a private cul-de-sac backing to a greenbelt.

You'll fall in love the moment you walk into this impeccably maintained and upgraded home. The oversized kitchen with breakfast bar has newer Stainless appliances, plenty of cabinet space and even has a convenient pantry attached.

The open main floor features Brand new LVP flooring, a storage nook and large windows which allows natural sunlight to brighten the entire room. Just off the main room is a hard to find 3-season sunroom. This bonus area is such a treat as you'll be able to bask in the sunlight while reading your favorite book, or simply to tend to your very own herb garden year round. The added bonus is this Sunroom allows for access to both the home and the garage without ever having to go outside, which is a rare feature in this community.
